Product: **PPSS Bullet Resistant Vest - CV2**
 Model #: **500116**
 Protection Level: **NIJ Level IIIA+**

This outstanding bullet resistant vest has not only passed the most up to date National Institute of Justice Standard 0101.06, but also offers protection from full contact shots.

Too often front line professionals are being shot by their own firearm from extremely close range. Understanding this particular risk was crucial during the development phase of our new high performance body armour.

Features & Benefits

- Protection against full contact shots
- Protection against TASER®
- Ultra-thin, lightweight and flexible
- Adjustable Velcro shoulder straps
- Manufactured under strictly ISO 9001:2008 quality controlled conditions
- Performance unaffected by moisture

Who Is This Product Suitable For?

- Private Security Details (PSD/PMC/PSC)
- Law Enforcement Officers (LEO)
- Executive/Diplomatic Protection Professionals
- Homeland Security Agencies
- Customs and Border Protection
- Prisoner Transportation
- Immigration Control
- Airport Securities
